SPORTSMEN PROVIDING FOOD FOR GAME BIRDS.

Distributing Point is Rumford's Store at Franklin Square.

Connelley, have been contributors of feed for this purpose and are inviting many more as want to do so to join them. LOST SLEEP TEN YEARS

Any one who knows Mr. E. F. Suggs, of Tynes, N. C., will tell you that he speaks nothing but the truth. Mr. Suggs has suffered greatly from sleeplessness and in a recent letter says: "For ten years I have suffered greatly from a nervous ailment which caused me to lose at least three hours of needed sleep every night. I tried everything I could find to get relief, and finally one bottle of Vinol gave me more relief than all other remedies. I am grateful to Vinol for my present good health."

Many persons who are in a nervous, run-down condition get so they cannot sleep, and this is almost certain to wreck their health unless the right steps are taken. Vinol, builds up the body and nourishes the nerves with pure, rich blood, and makes it possible to get natural, restful sleep. We guarantee that Vinol will do you good (money back if it fails), and if you are weak, nervous and sleepless, you certainly should try Vinol. Broadway Pharmacy, G. G. Engler, Norwich, Conn.

When you want to put your business before the public, there is no medium better than through the advertising columns of The Bulletin.

through the winter will thank all who aided them, and are grateful to the trolley men and R. F. D. carriers who have acted as distributors of the grain.

Y. M. C. A. NOTES.

Junior Pool Tournament Has Been Started—Speaker for Boys on Sports.

Refreshments for the boys' minstrel are proceeding regularly each week, with one tonight, and the date has been set for the production next month. The men are hard at work finding their jokes, while the vocalists will not even talk from now on for fear of hurting their voices. As the minstrels are for the benefit of the boys' camp, there is expected to be a big sale. A Junior Y. M. C. A. pool tournament (doubles) has been started with the following entries: Stanley and Millard H. Hull and S. Jackson, Pierce and Porgensen, Kinney and A. Henault, J. Hull and C. Crowe, Robinson and F. Oat, Vetter and Coblyn. Most of the best players among the boys are entered and there should be some close games.

Next Sunday there will be a boys' meeting at the Y. M. C. A. at 3.30, when A. B. Semon of Brown university will address the boys on Sport. Mr. Semon is prominent as an athlete and debater and should prove very interesting.

How to Hang a Flag.

Instruction in the proper way to hang the American flag seems still

needed, as was evident from the way a Union street resident had the flag out on Lincoln day. The field of blue and the stars were at the end of the flag instead of next to the staff and so remained until a passerby called attention to it and the flag was reversed to hang right.

MORTGAGE LOANS LARGER.

Amount Paid Week Seven Times More Than Last Year—Business and Realty.

Last week Norwich had five sales of real estate with seven in the same week last year. Mortgage loans during the same weeks were \$7,100 and \$10,000. There was a decrease in sales in the state this year by 46, though the mortgages were one-third larger. During the week eight petitions in bankruptcy were made, with assets of \$12,503 and liabilities of \$53,888. Last year there were six, with assets of \$143,440 and liabilities of \$303,574.

BLOODSPOTS DISCLOSE MURDER AND SUICIDE.

Farmer and His Supposed Slayer Found Dead on Shore of Pond.

Plainfield, Mass., Feb. 13.—Bloodspots on a load of slabs which a driverless horse was drawing through the town tonight led to the discovery of the killing of the animal's owner, B. H. Gould, a farmer, and the suicide of his supposed slayer, Clarence Terrell. The bodies of the two men were found after a search on the shore of Parkard's pond, two miles from the town. Clashed in Terrell's hand was a double barreled shotgun, both barrels of which had been discharged. Gould was 63 years old. Terrell, who was 30, married Gould's granddaughter. They lived in the same house and, as far as neighbors knew, their relations were friendly. They left home early this morning to get a load of wood at the pond and took a gun along in the hope of shooting rabbits.

TRAIN PITCHES DOWN A STEEP EMBANKMENT.

Seven Known to Be Dead and Many Injured in North Dakota.

Devil's Lake, N. D., Feb. 13.—Seven are known to be dead and a score injured in the wreck of the Great Northern Oriental limited at Doyon, 15 miles east of here, tonight. Every one of the ten coaches that made up the train left the track and went down a steep embankment, turning over twice. Full details will not be known until morning. A special relief train, carrying every physician and undertaker available, hurried from Devil's Lake to the scene of the wreck. The Oriental limited left here shortly after 3 o'clock p. m. and was due in St. Paul at 8.45 tomorrow morning. It will be nearly morning before the wrecked train returns. There is no telegraph service at the scene of the accident, nor any telephone service.

A MOVEMENT TO END THE LAWRENCE STRIKE

Agents to Meet Committee of Their Own Employes Today.

Lawrence, Mass., Feb. 13.—Agents of six of the large mills against which the textile strike, now in its fifth week, is directed, have agreed to conferences with committees of their own employes, selected by the Central Labor union. In response to letters sent out by James R. Menzie, secretary of the Central Labor union, the agents of the Wood, Washington, Prospect and Aver mills of the American Woolen company, the Pacific and Arlington mills, will meet the committees tomorrow. The agents of the Atlantic, Everett, Lawrence, Brock and Kimball mills have yet to be heard from, but the Central Labor union officials confidently expect favorable replies. While the representatives of the American Federation of Labor were announcing their plans to settle the strike, the general strike committee of the Industrial Workers of the World was in session in another part of the city, declaring the strike all but won and maintaining that the strikers

would abide by no agreement that is not reached through a conference of the general committee with the entire body of mill agents.

\$367.50 FOR A LEAK.

Jury in Common Pleas Court Finds Rain Damaged Romberg's Goods.

A jury on the common pleas court at New Haven recently brought in a verdict for the plaintiff to receive \$367.50 in the suit of Abraham Romberg against Jacob Cutler. The plaintiff claimed that he rented the store at 39 Washington avenue from the defendant and that the roof leaked so that dress goods and other goods were wet and partly ruined. Two truck loads of damaged goods were exhibited in the case and were carried into the jury room for inspection.

House for General Woodford.

A farm of 74 acres owned by Edward C. Blize of Greens Farms has lately been sold to General Stewart L. Woodford of New York. There is an old house on the property that has a revolutionary history. General Woodford will make improvements in the property and will occupy the old house. It is also reported that General Woodford's nephew, Frederick C. Tanner, has purchased the farm adjoining, which belongs to the estate of Charles Mills. This farm consisted of fifty acres. With it Mr. Tanner secured eight more acres from Henry Mills. It is expected that he also will make elaborate improvements.

How Opium Is Secured.

Opium is got by cutting the capsule of the poppy flower with a notched iron instrument at sunrise, and by the next morning a drop or so of juice has oozed out. This is scraped off and saved by the grower, and after he has a vessel full of it, it is strained and dried. It takes a great many poppies to make a pound of opium, and it goes through a number of processes before it is ready for the market. In a liquid state it looks like dark strawberry jam.
